

### Stain Bases

Premium Water-Based

#### General Description

A universal water-based stain system which allows for sprain white or dip applications. Designed for use with any combination of Centurion Concentrated Acid Dyes and Colorants for tinting applications. Designed for maximum open time and usability. Open time can be easily reduced with CW-6001 Spray/Wipe Base.

#### Physical Properties

Vehicle Type	Water Emulsion
Solids by Volume	11.5 (+/-1%)
Solids by Weight	11.62 (+/-1%)
VOC	222.21 g/l
Flash Point	N/A
Specific Gravity	1.01
Viscosity	22 sec. Zahn #3

#### Application

Application Method	May be sprayed with conventional pressure, Sponge/rag, dip.
Mixing Instructions	Ready to Spray. May be mixed with tap water as needed.
Substrate Preparation	The surface must be clean, dry and free of grease, oil, dirt, fingerprints and any other contamination to ensure proper adhesion.
Application Instructions	IMPORTANT: Mix well using a power agitator prior to application. Upon application, the temperature of the product, substrate, and coating should be above 50°F. Apply up to 3 coats, allowing enough drying time between coats.
Coverage	Coverage will vary depending on the film build, porosity of wood. Depth pf color desired, temperature and humidity at time of application.

#### Curing / Drying Time Properties

Air Dying Time (77°F, 50% Humidity)	Flash-off	N/A
Dust Free	N/A	No more than 120 degrees F
Sand	N/A	N/A
Package	N/A	

#### Force Dry

#### Available Products

- CW-6002 Wiping Glaze Base

#### Features / Advantages

#### Recommended For

- General Purpose Interior Applications
- Interior Doors
- Kitchen cabinets
- Interior Shutters & moldings

#### Safety / Clean Up

Please read the product Safety Data Sheet and product label before using product. Applications tools must be cleaned with water after use. Dispose of any leftover materials in accordance with local, state, or federal regulations.
