

Spray/Wipe Stain Base CW-6001

General Description

This universal, water-based stain system can be used with any combination of Centurion™ concentrated acid dyes and colorants for tinting applications. Though it was designed for spray applications, it's a versatile base that can easily be modified for wiping or dip applications with CW-6002 Glaze Base.

Physical Properties

Vehicle Type	Water emulsion
Solids by Volume	15.7 (+/-1%)
Solids by Weight	16.43 (+/-1%)
VOC	40.11 g/l
Specific Gravity	1.0
Viscosity	22 sec Zahn #3

Application

Application Method	May be sprayed with conventional pressure. May also be applied with sponge or rag or dipped.
Mixing Instructions	Ready to Spray. May be mixed with tap water as needed.
Substrate Preparation	The surface must be clean, dry and free of grease, oil, dirt, fingerprints and any other contamination to ensure proper adhesion.
Application Instructions	IMPORTANT: Mix well using a power agitator prior to application. Upon application, the temperature of the product, substrate, and coating should be above 65°F. Apply up to 3 coats, allowing enough drying time between coats.
Coverage	Coverage will vary depending on the film build, porosity of wood, depth of color desired, temperature and humidity at time of application.

Curing/Drying Time Properties

	Force Dry	
Air Drying Time (77°F, 50% Humidity)	Flash-Off	N/A
Dust Free	N/A	
Sand	N/A	
Package	N/A	

Features/Advantages

- Versatile
- Easy to use

Recommended for:

- General purpose interior
- Interior doors
- Kitchen cabinets
- Interior shutters and moldings

Safety/Cleanup

Please read the product Safety Data Sheet and product label before using product. Application tools must be cleaned with water after use. Dispose of any leftover materials in accordance with local, state or federal regulations.
